ANDROID WORKSHOP

Developer Students Club(DSC) has formed in JNTUA college of engineering ,Pulivendula. It is as a part of Google CEO Sundar Pichai's initiative to train 2 million developers in India.

DSC team is organising its first workshop on **9th Oct 2017**.There will be many workshop in future as a series to this first Android workshop. This workshop will be opened to all B-tech students. It is a good platform to develop skills in **Android Programming** and develop your own applications.

After completion of all the sessions of the workshop you have to do a mini project on android(either individual or group).The slots are limited.

To register: Mail your name ,roll number ,mobile to urmilacto@gmail.com
